

## KONWERSJA OCEN ZAGRANICZNYCH NA OCENY W WYŻSZEJ SZKOLE JĘZYKÓW OBCYCH (OBOWIĄZUJĄCA DLA PROGRAMU ERASMUS+)

Tabela statystycznego rozkładu ocen przyznawanych w uczelni zgodnie z wytycznymi zawartymi w sekcji 4.3 „Przewodnika dla użytkowników systemu ECTS” (<http://czytelnia.frse.org.pl/przewodnik-dla-uzytkownikow-systemu-ects-2015/>) zgodna z Regulaminem studiów obowiązującym we WSJO.

| Ocena | Definicja                                                                                             | ECTS grade | % studentów odnoszących sukcesy, którzy normalnie osiągają ocenę |
|-------|-------------------------------------------------------------------------------------------------------|------------|------------------------------------------------------------------|
| 5,0   | Very good/Excellent – outstanding performance                                                         | A          | 10                                                               |
| 4,5   | Better than good – above the average standard but with some errors                                    | B          | 25                                                               |
| 4,0   | Good – generally sound work with a number of notable errors                                           | C          | 30                                                               |
| 3,5   | Satisfactory – fair but with significant shortcomings                                                 | D          | 25                                                               |
| 3,0   | Sufficient – performance meets the minimum criteria                                                   | E          | 10                                                               |
| 2,0   | Failed – some more work required before the credit can be awarded; considerable further work required | F          | –                                                                |

ECTS credits:

1 full academic year = 60 credits

1 semester = 30 credits

1 term/trimester = 20 credits

|           |                                                                                                       |
